to Rashmi, Moataz.abdelwahab@ejust.edu.eg, pamela.abshire@stonybrook.edu, omair@ece.concordia.ca, mqutayri@kus

I would like to nominate Sahil Shah for the Steering Committee. I have attached his CV for consideration. He is available to attend the meeting tonight. He is in a demographic we need members to keep this community going, a junior person. I have known Sahil since he was a master's student in my lab where he had one of the most outstanding circuit design theses I have advised. He completed his PhD at Georgia Tech with a long-standing member of the CASS community. He is now a faculty member at the University of Maryland College Park. I hope we can consider him at the meeting tonight.
