

BYLAWS OF
IEEE INTERNATIONAL MIDWEST SYMPOSIUM ON CIRCUITS AND SYSTEMS STEERING COMMITTEE
(MWSCAS STEERING COMMITTEE)

Article I: Purpose

The primary purpose of the IEEE International Midwest Symposium on Circuits and Systems Steering Committee (hereafter referred to as the MWSCAS Steering Committee) is to determine the date and location of the annual IEEE International Midwest Symposium on Circuits and System (MWSCAS) and to vet and appoint the chair of each IEEE International Midwest Symposium on Circuits and Systems. In addition to all the normal benefits provided by IEEE conferences, MWSCAS has a special emphasis on assisting graduate students and other new researchers in getting their research publications initiated through such things as the annual Student Paper Contest.

MWSCAS is the Flagship symposium for the IEEE Circuits and Systems Society and as such the MWSCAS Steering Committee shall take into consideration the location of other IEEE annual conferences particularly the IEEE International Symposium on Circuits and Systems (ISCAS). When ISCAS is not held in Regions 1 – 7 (United States and Canada), the MWSCAS Steering Committee shall attempt to locate MWSCAS in Regions 1 - 7. When ISCAS is held In Regions 1 – 7, the MWSCAS Steering Committee may at its discretion hold MWSCAS outside Regions 1 - 7. This is desired in order to best serve the MWSCAS conference attendees, but not required.

The General Chair or co-Chairs of each IEEE International Midwest Symposium on Circuits and Systems, upon approval by a majority vote of the MWSCAS Steering Committee of a proposal for a future IEEE International Midwest Symposium on Circuits and Systems, **shall, if not already members, automatically become members of the MWSCAS Steering Committee, with all the rights and responsibilities of Steering Committee membership**, and are thereby invested with complete authority and responsibility for all aspects of the symposium. IEEE International Midwest Symposium on Circuits and Systems is the Flagship Conference of the IEEE Circuits and Systems Society and, as such, the General Chair or co-Chairs shall negotiate sponsorship arrangements with the IEEE Circuits and Systems Society. Historically, the IEEE Circuits and Systems Society has been at least a 50% sponsor of the symposium, with the remaining sponsorship provided by local sponsors such as the General Chair's (or one of the co-Chairs') institution, the local IEEE chapter, or other appropriate sponsors. More recently, as the Flagship Conference of the IEEE Circuits and Systems Society, MWSCAS has frequently been sponsored 100% by the IEEE Circuits and Systems Society. However, the General Chair or co-Chairs have complete authority to negotiate sponsorship arrangements with the IEEE Circuits and Systems Society and any other sponsors as they deem appropriate, provided that the IEEE Circuits and Systems Society is at least a 50% sponsor.

Article 2: Members

The MWSCAS Steering Committee nominally consists of 50 members. However, that number is intended to be very flexible. The official membership list is kept by the MWSCAS Steering Committee Membership Chair.

Article 2.1 **Proposal of New MWSCAS Steering Committee Member:** Any current member can propose a new member by submitting to the MWSCAS Membership Chair, ideally prior to or at any annual MWSCAS Steering Committee meeting, the name of the proposed new member, their resume, proof of their willingness to serve and a second by at least four current members of the MWSCAS Steering Committee. Upon receiving this information, the MWSCAS Membership Chair will submit the proposed new member for confirmation at the annual MWSCAS Steering Committee

Meeting. A majority vote of the members present at the annual meeting will confirm the proposed member as a full member of the MWSCAS Steering Committee.

Article 2.2 Retiring of MWSCAS Steering Committee Member: The MWSCAS Membership Chair shall keep an annual record of participation in the MWSCAS conference by all current members of the MWSCAS Steering Committee. To maintain membership, each current member must show some involvement (as determined by the MWSCAS Membership Chair) in at least one of the last three MWSCAS conferences. Failure to do so will be considered a resignation from the MWSCAS Steering Committee and the MWSCAS Membership Chair will send to the retiring member a letter or email thanking them for their service and remove them from the current membership list. Also, any current member can submit their resignation to the MWSCAS Membership Chair at any time and be removed from the MWSCAS Steering Committee. In such case, the MWSCAS Membership chair shall send them a letter or email thanking them for their service and remove them from the current membership list.

Article 3: Board of Directors & Executive Director

The MWSCAS Membership Chair shall serve as the Executive Director of the MWSCAS Steering Committee. The Board of Directors shall consist of:

1. The Membership Chair,
2. The Chair of the Future Symposia Committee,
3. The Finance Chair,
4. The Publications and Sponsorship Chair,
5. The Webmaster, and
6. The General Chair or co-Chairs of the immediate past MWSCAS Symposium.

The primary purpose of the Board of Directors shall be to conduct any necessary business during the time between annual meetings of the MWSCAS Steering Committee. The annual MWSCAS Steering Committee Meeting shall normally be held on the Monday evening of each annual MWSCAS symposium and normally will be chaired by the Chair of that MWSCAS symposium. However, by mutual agreement, the Chair of the MWSCAS Membership Committee or any Member of the Board of Directors can chair the annual MWSCAS Steering Committee Meeting.

There is no term limit for the members of the Board of Directors. Any member of the Board of Directors may resign from the Board of Directors at any time by submitting written notice to any other member of the Board of Directors. Members of the Board of Directors must be members of the MWSCAS Steering Committee, so failure to maintain membership in the MWSCAS Steering Committee shall result in automatic resignation from the Board of Directors. In the rare instance of a Member of the Board of Directors or a Member of the MWSCAS Steering Committee committing some offence seriously detrimental to MWSCAS, that member can be removed from both the Board of Directors and/or from the MWSCAS Steering Committee by a unanimous vote of the remaining Board of Directors.

Replacement of Retiring Members of the Board of Directors: Upon the retirement of any member of the Board of Directors, the Executive Director (Membership Chair) shall appoint a current member of the MWSCAS Steering Committee to serve on the Board of Directors (with the consent of that member). In the case of the retirement of the Executive Director (Membership Chair), the remaining Board of Directors shall agree upon a new Executive Director (Membership Chair). At each annual meeting, the Executive Director (Membership Chair) shall announce any changes to the Board of Directors.

Article 4: Quorum and Amendments

The quorum for any vote of the MWSCAS Steering Committee shall be 50% of the current membership plus 1.

Any proposed amendment to these bylaws requires a full consensus of the entire Board of Directors. For those amendments to become effective, they must receive a majority vote of the members present at the annual meeting of the MWSCAS Steering Committee providing the quorum is met.

To become effective, these bylaws must be approved by a majority email vote of the current Members of the MWSCAS Steering Committee.
